

SNOWFLAKE のはじまり

作詞・作曲 : Arata Mineshima

White lace falling from December sky,
Snowflake のはじまり、しずかに舞い
Happy Birthday, Hayami, tonight we'll try
To make a memory nobody can untie

きみの笑顔が暖かくて
Winter's kiss melts softly where you stand
永久にこの瞬間にいたい
Silent night turning dreams into our plans

Let's paint our stories on this crystal world,
Hayami's day let new colors unfurl
この夜が終わるその前に,
未来へのドア開けて, you'll see
A wish on a snowflake, a promise that starts
December memories, growing in our hearts

星降る街は Magic tonight
“おめでとう,” candle without fright
To the rhythm of bundled hearts and lights
ふたりで希望探しに行きたい

Small footsteps mapping a path in snow
未来を一緒に築こう
これが始まり、not a gentle farewell
Twinkle with courage, 明日へ行こう

Let's paint our stories on this crystal world,
Hayami's day let new colors unfurl
この夜が終わるその前に,
未来へのドア開けて, you'll see
A wish on a snowflake, a promise that starts
December memories, growing in our hearts

溶けない想い, fingers intertwined
One gentle season, forever redefined
新しい始まり伝えたい
この誕生日が終わる前に

Let's paint our stories on this crystal world,
Hayami's day let new colors unfurl
この夜が終わるその前に,
未来へのドア開けて, you'll see
A wish on a snowflake, a promise that starts
December memories, growing in our hearts

Snowflake の始まり, softly begins,
Happy Birthday, Hayami, let hope never end
二人の思い出、重ねて行こう
From winter's first snow to blossoms that grow
